Reflective commentary:

Internal peer review, external examiner and comments from professional/statutory body accreditation
Reflective commentary:

Module leader's evaluation

Please comment below on aspects of the module that have worked well and on those that have fared less so. What development of the module is planned?

Please also evaluate the module against the following criteria:

Do the module's stated aims and intended learning outcomes remain appropriate?

YES/NO

Is the module effective in meeting its stated aims and learning outcomes?

YES/NO

Do the chosen teaching processes remain appropriate to the intended learning outcomes?

YES/NO

Do the assessment strategies remain appropriate to the intended learning outcomes?

YES/NO

Is the module contributing fully to specialist and generic skills development?

YES/NO

Is the resourcing of the module (staffing, accommodation, library, laboratory, etc) adequate?

YES/NO

Where you have answered NO above please indicate the corrective action that is planned and the time scale for it.

Comment on how last year's corrective action plan was addressed and implemented.
