

JOURNAL OF PHYSICS: CONDENSED MATTER

Doping Issues in Wide Band–Gap Semiconductors

GUIDELINES FOR AUTHORS

Papers presented at the Workshop on Doping Issues in Wide Band–Gap Semiconductors, Exeter, March 2001 are to be published in a Special Issue of JOURNAL OF PHYSICS: CONDENSED MATTER. Each paper submitted for the proceedings will be refereed to the usual standards of quality for the journal

FREE OFFPRINTS

50 offprints of each paper in the Special Issue will be supplied free of charge to the principal author.

LENGTH RESTRICTIONS

The maximum length of each paper is 7200 words (invited talks) or 3600 (contributed talks) including equivalent space for diagrams (300 words for a typical–sized figure).

SUBMISSION DEADLINE

To ensure publication in the Special Issue, papers must be submitted to the organisers at the conference.

SUBMISSION REQUIREMENTS

Each contribution should be submitted both electronically and as hard copies.

The electronic version should be in any variant of TeX or Microsoft Word; for figures, EPS or TIFF formats are preferred. LaTeX style files can be downloaded from <http://www.iop.org/Journals/texstyle>

The hard copies should include: three copies of the typescript, at least one of which must be single–sided and one set of fair copies of line diagrams, suitable for reproduction.

A completed Assignment of Copyright form should also be submitted. In particular may I draw your attention to the point concerning the reproduction of material already published elsewhere.
